

FEBRUARY NEWSLETTER

Dear Parents,

Our year is moving right along now. Many students are doing spelling now. We are so happy with how well the kindergartners are doing with it. We will try and give you the list on Friday, that way everyone will have a full week of practice... We work with the words at least 3 days during the week and 2 evenings for homework. The first graders lists are getting a little longer and harder, so they will have the extra time as well. We appreciate all your extra work with the children!!

For our valentine exchange, please send in a card for each student in the classroom (attached is the list). We will have a small sign up sheet in the office for snacks/drinks, but lunch will be normal that day. It will be on Wednesday, Feb. 14th.

Please remind your children to do their best with work and behavior. We want everyone to learn and have fun!

This month we will study:

- Language - letter sounds, word building, sight words,
Blends, adjectives, reading fluency
- Math - Quantity to number, 100 board, cont'd time,(clocks)
Subtraction, and double digit addition
- Geo/History- Asia, (India and Japan),Groundhog Day, Valentine's Day,
Presidents Day
- Science - 100th day of school, Animals of Asia, the layers of the
Earth

As always any questions, please let us know.

Sincerely,
Ms. Janice
Ms. Melissa
