

Dear Parents,

Our first graders are currently working VERY hard on reading fluency and sight words. We need help from you at home as well. The students are reading stories during class. They read them as a group, to each other, then to me. I would like for the students to read at home as well. I'll send the work home in the red homework folder on Monday.

Please have them read it to you twice, and then sign & return the form by Wednesday. I will be sending home sight words we are working on. They need to review these as well.

All this extra hard work will make them better and more successful readers. And my hope is they will learn to love reading. A good book can take you anywhere!

Ms. Janice

Ms. Ashley
